## ENJOYMENT FACTOR GUARANTEED

From the butcher trade to industrial production

Based on the history of K+G Wetter, and a tradition that has been going back many decades, our heart beats for technology. And what comes out of it: pure enjoyment. With our machine solutions, we make sure that everything tastes good in everyday life – from meat patties for hamburgers to tofu in salads.

Worldwide, our name stands for the highest quality in meat processing – in the trade as well as in the industry. Even outside the meat industry, our bowl cutters, grinders and mixers are used successfully. Whether seafood, vegetables and baby food, sweets, pet food, vegetarian food, cheese or sauces: with K+G Wetter, the enjoyment factor is guaranteed.

“Good products are always the result of good machines. That is why we have relied on K+G for years.”

FOR EVERY SIZE, FOR EVERY APPLICATION.

**BOWL CUTTER TWIN**

- combination of grinder and bowl cutter
- ideal for use in the butcher trade
- produces high quality in the smallest of spaces
- central control panel with plain text display
- displays the operating data and status messages for a safe production

**BOWL CUTTERS**

- cut, blend and emulsify in a single operation
- robust machine construction
- machine enclosed underneath and made of cast iron – for stability, smooth running and long life
- a removable baffle plate provides an adjustable cutting space within the knife cover for different products
- all bowl cutters are equipped with different shut-off functions

**VACUUM BOWL CUTTERS**

- vacuum technology for firmer and more compact sausages
- no air bubbles in the meat, and thus no discoloration of the final product
- firmer bite and more intense taste in the finished sausage products
- longer product shelf-life

**GRINDERS AND MIXER GRINDERS**

- K+G two-worm system ensures constant flow and a cleaner cut
- manual or pneumatic sorting device quickly removes hard particles to improve product quality
- fast and tool-free installation
- flushing chambers behind the worm housing for thorough cleaning of hard-to-reach areas
- all machines available with different, optional accessories

**MIXER**

- mixes even the smallest amounts reliably and evenly
- hygienically separates power unit and mixing funnel
- main switch and electrical control are integrated into the machine casing

## THE BEST FOR YOUR NEEDS

Small details, large impact

Each of our machines brings more ease into your daily work, more efficiency in your production and the best conditions for the highest hygienic standards in your company. Made of sturdy materials, our bowl cutters, grinders and mixers are almost indestructible, with clever details and excellent results. Quality that has already been awarded several times, which one can also taste in the end.

Whether you are a traditional butcher or an industrial large-scale company – our claim remains the same: we find exactly the solution that suits you and your requirements. Individual, powerful and easy to use. We have always relied on a successful mix of tradition and progress. For your decisive advantage over the competition.

See for yourself and talk to us: we would be happy to advise you!

## KEEPING OUR STRENGTHS, NEW VENTURES

Bundled knowledge for your success

We would not have achieved any of our successes without our employees – they are the heart of K+G Wetter. From experienced employees to young apprentices, we all pursue one common goal: your success.

What always drives us is the passion for the product, which can be felt by all our employees. Quality comes first and, of course, we stick to proven performances. Just as we continue to develop our machines, we also have the aspiration to keep up with the times. Because that's how we set new standards time and again, for which we have already been awarded several times.
